

LOCAL REGULATIONS SWISS CUP AND SWISS CUP FLEX

Local Regulations Swiss Cup and Swiss Cup flex

Version 1.1.23, update (Agenda) 18.1.23, [Update PMR 1.5.23](#),
Update SELECTIONS AND TIMELINE 25.5.23

Swiss Cups are organised by a local club in cooperation with the SHV and the Swiss League. Normally, the Swiss League is responsible for all technical matters (meteo, task, live tracking, scoring).

If the weatherreport is bad for a Swiss Cup it is possible that it is moved to another location with better flying conditions. This under the condition that the flight profit is probably good.

Swiss Cups flex are organised by the Swiss League. The location is determined by the best flying conditions, whereby the driving effort and the probable (flight) profit should be in reasonable proportion. Therefore, they are held in the centre of Switzerland, when it is likely that one good task can be flown, and in the whole of Switzerland, when it is likely that two tasks can be flown.

Swiss Cup Overall Ranking and CIVL-Categorie

All Swiss Cup Events plus the tasks of the Swiss Championships count towards the Swiss Cup Overall Ranking 2023.

All Events are sanctioned Cat.-2-Events.

Registration fee

- For Swiss Cups, the registration fee is approximately CHF 40/day. The exact registration fee is published on the Event-Page.
- For Swiss Cup flex the registration fee is CHF20 or €20.

Registration

www.swiss-league.ch > Competitions

Swiss Cup:

Registration Deadline is published at the event page.

Swiss Cup flex:

Registration deadline is Friday 18:00. Afterwards, the list of participants is created and the trackers are assigned. Late registrations has to pay CHF20 or €20 (Invoice will be send). The same if you don't show up (to cancel your registration you have to click on your name and choose „my competitions“).

SELECTIONS AND TIMELINE

Selections

- The maximum number of participants depends on the location. For Swiss Cups this will be published in the announcement, for Swiss Cup flex only with the meteo decision for the location. Normally 100 pilots PLUS the wildcards are accepted (max 111 participants).
- Women: All women who are members of one of the Swiss leagues (not as guests). Foreign women "WPRS top 3000".
- Maximum 11 wildcards:
 - 1 wildcard per regio squad (=6) and team leader (= 2)
 - 3 wildcards from the organiser. For Swiss Cup flex, the 3 wildcards are for the league, so a total of 5 wildcards for Swiss League.
- 25% of the places are reserved for foreigners (mandatory share for a Cat 2 event).
- All other pilots will be selected according to the latest WPRS (also the foreigners). If there are too few foreigners registered on Thursday evening, they will be replaced by Swiss.

Timeline

Wednesday evening

- Preliminary information meteo and location
- Preliminary information max. participants

Thursday 12:00 (on time)

- Registration deadline (this will be set in the system)

Thursday evening

- final decision on location and max. number of participants
- provisional selection

Friday until 8:00 a.m.

- Late registration possible, but a late registration fee of CHF 20 will be charged (only after the event, together with "unregistered absence").

Friday noon:

- Meteo decision: Go or No-Go

- final selection

Important notes

- CHF 20 will be charged for unregistered absence.
- If you can only attend one day, you must register as normal, but email us (info@swissleague.ch) with information on which day you will be absent. Comp League A-C cadre can participate "for free" only one day. All others have to pay for both days, even if they only participate on one day.

Telegram-Chat

A telegram link will be published about a week before the event. All communication will take place via this chat group. E.g. also early weather reports, details about the meeting point, task, etc.

Meeting point

The pilot must arrive at the meeting point at the latest 5 minutes after the official time. Pilots arriving late are not entitled to a free ride up and are responsible for their own meteo and task information! The entry fee must still be paid!

Check-In and Report back with SMS-Safety-System

Check-In: Before every task all pilots have to register by sending an SMS "para start st" to +41 79 381 60 10. Pilots who are not registered cannot be scored (also for technical reasons)!

Report Back: Immediately after landing, the pilot must report back by sending an SMS "para stop" to +41 79 381 60 10. The pilot is liable for search actions due to missed report back (plus dinner for searcher...). In case of repetition, the pilot will be disqualified.

Waypoint-files

Waypoint files are published on the website and must be uploaded to the GPS by the pilot. Normally there is no help to upload the files in to the GPS.

Livetracking

Each pilot receives a tracker, which he must operate himself and install appropriately. If, exceptionally, there are too few trackers, individual pilots are defined who have and can set up live tracking themselves.

Return conditions (if you don't return it on location):

In any case, you will be charged 10.-, or 20.- if sent too late.

- you have to send it by priority post on the first working day after the event
- in a padded envelope or cardboard
- correctly stamped for priority-post

If you do not do this, you will be fully liable for the new price of the tracker

GPS

The evaluation of flights will be done using GPS tracks from the Lietrackers. Each pilot is responsible for his backup and must be able to send a valid igc to the organiser.

Radio

We communicate in the air with PMR radios. It is mandatory for Swiss pilots, and also highly recommended, to have one with

you. The normal channel is:
Chanel 7.38 (446.08125 / CTCC250.3).
A 2 m frequency is listened to.

Map

A map of the flying site with waypoints will be handed out to all pilots.

Air navigation obstacles: [https://map.geo.admin.ch
Lufthindernisse](https://map.geo.admin.ch/Lufthindernisse)

Glider chart: [https://map.geo.admin.ch Segelflugkarte](https://map.geo.admin.ch/Segelflugkarte)

Airspace

The public-law regulations apply, in particular the aviation and hang gliding regulations as well as local agreements. It is the pilot's responsibility to load the files on his flight instrument and to comply with the regulations.

If nothing else is specified at the briefing:

- This airspace applies (with special regulations for hanggliders): [Link](#), [kml-file](#) (drag and drop to <https://map.geo.admin.ch> or open in Google-Earth), [Download](#)
- Zero tolerance
- GPS altitude

Retrieve

Retrieve is not organized. Public transport is easy to use. [Link to the timetable](#).

Scoring and Scoring Categories (C 5.8.4)

The scoring Categories are:

- Overall
- Female
- Sport (up to EN-C. The sports class is evaluated separately, so it is not an extract from the overall ranking)
- Juniors (<26, only Swiss Cup)

Rules

The order of interpretation of the rules is: Briefing, Local Regulations, Swiss Sporting Regulations, PWC, CIVL. When in doubt, use common sense. [Link to all these rules](#).

Personal

Technical Meet Director: Martin Scheel

Scorer: Jörg Ewald

Live Tracking Manager: Thierry Looser

On Swiss Cups, the local organizer will be general meet director.

CIVL-ID

It is mandatory for all pilots to be registered in civlcomps.org so they have a CIVL ID and can get WPRS-Points.

If you do not know your CIVL ID:

1) Search here <https://civlcomps.org/rankings> ("Search by name or CIVL ID" right below "Paragliding").

2) If you don't have one yet:

Create a new profile at <https://civlcomps.org/sign-in>, then click on the link "Registration".

List of documents to provide at registration (foreign pilots only)

- FAI sporting licence
- IPPI Card
- Pilot's National licence
- Insurance Third party liability CHF 1 Mio.

www.shv-fsvl.ch/en/education/foreign-licence/

If you don't have a **liability insurance** with at least 1 million Swiss franc, you can buy one at the Swiss Hang Gliding and Paragliding Association (SHPA) for 30 days (51 CHF) or 120 days (82.50 CHF). 120 days is the maximum.

In addition, you can buy **complementary accident insurance**. It is useful if your accident insurance does not cover paragliding or hang gliding accidents in Switzerland. It costs CHF 158 for 30 days and CHF 396 for 120 days.
