Report Back and Retrieve

We are using Flymaster Retrieve System which is connected to the FlymasterRetrieve Telegram bot. Every pilot in the comp must register to the Telegram bot. If you don't have it, install Telegram app on your phone, search for **FlymasterRetrieve**, open it and Start the bot. You'll need to register in the bot by typing: **REG:5736:pilot_id** (pilot_id is your pilot number) After successful registration you'll get message: You have been added to PWC Switzerland, Grindelwald - Interlaken, 2024 with your name and pilot number.

Normal Report Back Procedure

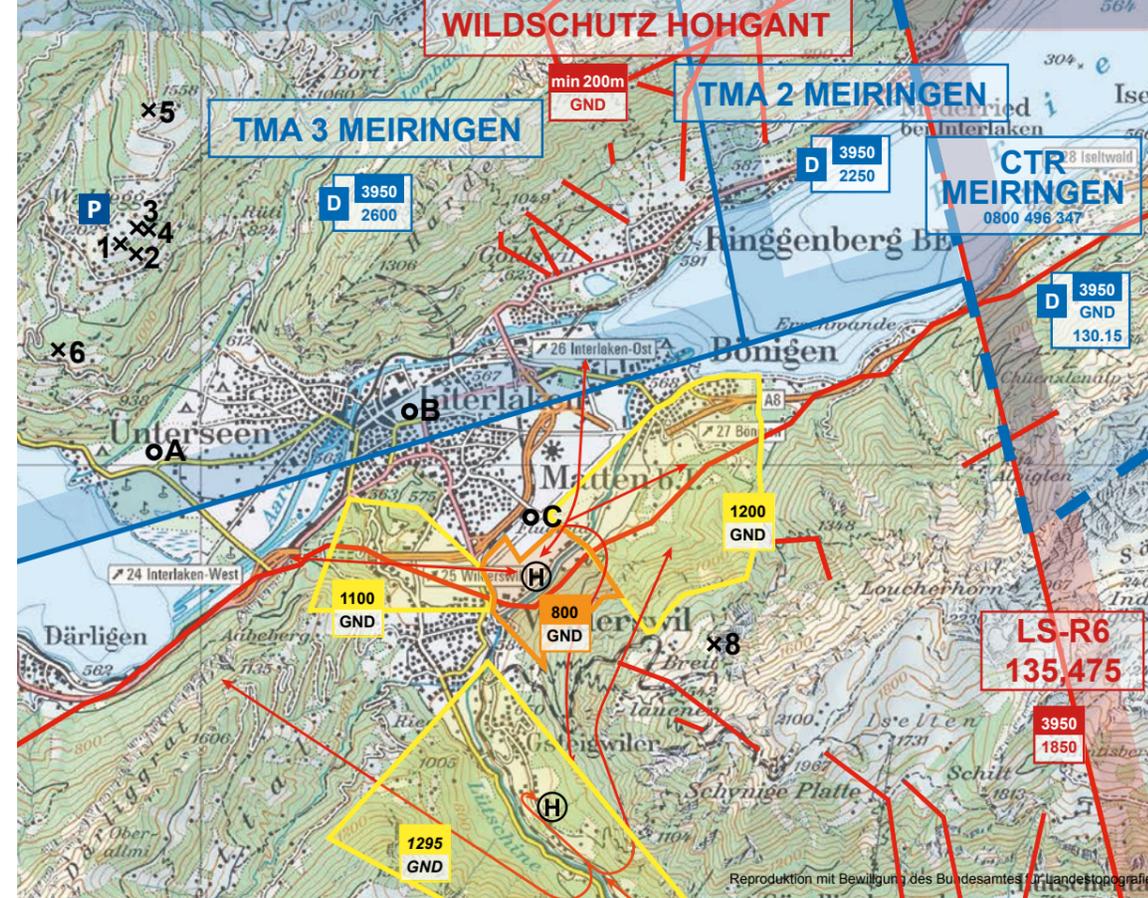

When you land you need to report safe landing asap. This is done by typing **SAFE** in the Telegram bot. If you need assistance in case of emergency, type **SOS**. For Retrieve Needed (no „classic“ retrieve available, you will get information by Telegram from HQ) type **RET**. Retrieve Not Needed (normal option to use, you use public transport) type **NORET**. You only need to type the upper commands in bold. All additional info like your name, position etc. are already in the system. If you get error message, please make sure that you typed commands exactly as shown in bold above and only one command at a time.

If there is no data available, you can report back by using the Swiss SMS-System:

Report Back with Swiss SMS-System

Simply send an SMS with the text „**para stop**“ (without quotes) to +41 79 381 60 10. You can add additional information after „para stop“ to the message. For example your coordinates: „**para stop 46.55612, 7.90228**“ («para stop” is needed in any case!) Confirmation message: You have to get an automatic confirmation message. If not, the Report Back failed!. Most likely is the fact, that you changed your phone number to a Swiss SIM Card.

If both Report Back possibilities fail, you need to report back using the Retrieve Voice Phone.

Airspace Files

2024_PWC-Grindelwald_ALL

All possible airspaces. Very unlikely that we will need this file.

2024_PWC-Grindelwald_MIN-NO-CTR_Mon-Tue-Wed-Fri

Minimum airspace without CTR Meiringen and without TMA Meiringen East. Altitude limit all day at 3960 AMSL

2024_PWC-Grindelwald_MIN-NO-CTR_Sat-Sun-Thu

Minimum airspace without CTR Meiringen and without TMA Meiringen East. Altitude limit all day at 4570 AMSL.

2024_PWC-Grindelwald_MIN-WITH-CTR_Mon-Tue-Wed-Fri

Minimum airspace with CTR Meiringen and with TMA Meiringen East. Altitude limit all day at 3960 AMSL.

2024_PWC-Grindelwald_MIN-WITH-CTR_Sat-Sun-Thu

Minimum airspace with CTR Meiringen and with TMA Meiringen East. Altitude limit all day at 4570 AMSL.
